Question		If Yes	If No
1	Is the study 2003 onwards	Continue	Exclude
2	Does the intervention being evaluated include one or more of the following: Aspirin, NSAIDs, Vitamins, Minerals, Calcium, Folic acid, dietary supplements generally	Continue	Exclude
3	Does the study report, as an outcome, people's attitudes, perceptions or beliefs concerning the taking of one of more of the agents listed above	Continue	Exclude
	Include or exclude		
	Note: <i>any population group may be included</i>		

Data extraction

Study details	Location / country				
	Research question / objectives				
Participants	Population				
	Age				
	Age (Mean/Range)	Mean		Range	
	Gender	Male (n)	Female (n)	Not specified (n)	
	Ethnicity				
	Recruitment / sampling <i>(eg. inclusion criteria, response rate, test of any differences between those who participated and those who did not)</i>				
Intervention	Agents / nutrients				
Outcomes	What is being evaluated?				
Data collection	Method <i>(eg. survey, focus group, interviews)</i>				
	Validation and recording <i>(eg. is survey tool validated; are interviews transcribed and is respondent validation used?)</i>				

Analysis	Method <i>(eg. descriptive statistics (%) reported only; analysis of transcripts employing a stated method)</i>	
Findings <i>(data must be verbatim quotes or authors' statements clearly based on data)</i>		
How are results presented?
